

Board Resolution by Circulation 2010.2

Dinner speaker for CPRsouth5: Enkhbat Dangaasuren, Ph.D., M.P.

Proposal:

The mandate of the dinner speaker at CPRsouth is to inform and inspire.

I believe that Dr Enkhbat D., Member of Parliament and co-chair of the Mongolia Green Party, can do both well. He has a PhD in Computer Science and was instrumental in connecting his hitherto isolated country to the Internet in 1994 (http://www.idrc.ca/panasia/ev-9910-201-1-DO_TOPIC.html). He has moved on from technical preoccupations to media (he was a TV presenter) and politics. As he told me, he could have got a nomination from one of the two main parties, but chose to stand as a Green Party candidate to optimize his ability to speak and act according to his principles.

He is a charismatic speaker who will do justice to the role.

We have not had any participation from Mongolia yet. His participation may cause that to change.

Decision: Dinner speaker for CPRsouth5: Enkhbat Dangaasuren, Ph.D., M.P.
